

****2010, A MOMENTOUS YEAR****

A little over a month into the new year and we need to "hear what the Spirit is saying to the churches". The more I hear from God's true prophets the more it meshes with what the Spirit has impressed upon me. Certainly it could be said we will see the best of times and the worst of times.

Without question we have entered a time of shaking (Heb.12:25-29). The message of greed, materialism and fleshly gratification will be exposed for the fraud it is. People who bought into the neo-charismatic movement because it glamorized self will be shaken. People's real god, their wealth, will be exposed and many will fall away (II Thess.2:3). Some will "depart from the faith, giving heed to seducing spirits and doctrines of devils" (I Tim.4:1).

We will see increased natural and man made disasters, acts of terrorism, with economic crisis. Oh, there may be a momentary up tick in our economy which some will grasp as an end to our money problems. But make no mistake about it, our economic woes are world wide and our administration is pursuing a policy of deliberate destruction of the U.S. dollar and sovereignty. Why you ask? They want a one world government, currency and military.

Anti-Christ cannot rule this world with a strong, free America. We have to be weakened and that is being done. Understand, whatever our current administration is, stupid is not one of them. They are Marxists and know exactly what they are doing. George Barna's research shows the American church nearly evenly divided over the authenticity of our Bible and thus the issues facing our nation. A slight majority leans to the conservative side. In our nation today we have an apostate church and a remnant church. The apostasy spans all denominations and is very rampant in classic pentecostal and charismatic churches. The remnant church also spans denominational churches. We can no longer stereo-type people by their denominational labels. There are no guarantees there. God is raising His remnant church from various groups who are not bound to their orthodoxy. What is coming is the greatest pressure the remnant church in the U.S. has ever seen. This push will come from academia, media, government AND THE APOSTATE CHURCH. Get ready, persecution is coming.

The lunatic left, having seen their goals of a lifetime attainable with the landslide of the last election, now sees the backlash of American patriots. They will pull out all stops to get their agenda into law BEFORE the 2010 elections. These ideologues are more concerned with attaining their agenda than re-election. They will not be deterred, they must be defeated. Their time, INDEED OUR TIME, is short. We must not delay. The lunatic left will use tremendous scorn, vitriol and every twisted interpretation of the law against the remnant church.

YET, TAKE HEART! "but the people that do know their God shall be strong and do exploits" (Dan.11:32). In the midst of hell's great push, because he also knows the times, God will provide power, open doors and financial resources to reap a great harvest. We are alive to minister now to see the culmination of the battle between the kingdoms of light and darkness which broke full bore with Christ's coming to earth in human form (John 1:1-18). The sum of it is, those preaching only harvest, the church's greatest hour, prosperity etc., are only giving people one side of the issue.

In the midst of this end time move will be the greatest persecution most have ever experienced. We must heed the words of the Psalmist "For lo, they that are far from thee shall perish: thou hast destroyed them that go a whoring from thee. But it is good for me to draw near to God: I have put my trust in the Lord God, that I may declare all thy works" (73:27-28).
