

ARROGANCE ON PARADE

The health-care debate and vote was the most vivid example of arrogance and pomposity I've had to endure in many decades. The "public servants" (choke, choke) of our "representative republic" (tongue placed firmly in cheek) showed a defiance and shameless disdain for the people of the United States. They are reminiscent of the ancient people of Judah (Jer.5:3) "O Lord, are not your eyes upon the truth? You have stricken them, but they are not grieved: you have consumed them, but they have refused to receive correction: they have made their faces harder than a rock; they have refused to turn".

In spite of our economic woes and crises at home and abroad, the anti-christ agenda is more important to these people than anything else. God asks (Jer.5:22) "Don't you fear me?...will you not tremble at my presence?....but this people has a revolting and a rebellious heart; they are revolted and gone"(vs 23). Verse 25 "Your iniquities have turned away these things (blessings/prosperity vs.24), and your sins have withheld good things from you".

And as we continue in our rebellious revolt against the God of our founding to a "pluralistic" (translation pagan) society" the nation's pastors have corrupted the pulpits with either their silence or blatant agreement. "...There is no word in them" (Jer.5:13) for "...the word of the Lord is unto them a reproach; they have no delight in it" (Jer.6:10) The President's "spiritual advisor" is an avowed Marxist, formerly connected with Daniel Ortega's Sandinista, communist regime. "Were they ashamed when they had committed abomination? no, they were not at all ashamed, neither could the blush"... (Jer. 6:15)

Patriots, these people cannot be respected or given deference. They MUST BE DEFEATED. The unmitigated gall they have to look into a camera and unashamedly declare they are doing the public will, is way past insulting. It is infuriating! We must not allow this arrogance to go unrewarded. There are three categories of people who are in favor of this health-care law. Those, like the president and his regime, who are marxist and want to destroy the greatness of the United States. Two, the people who are embarrassed by the greatness and feel we are the source of most of the world's problems Therefore our wealth must be redistributed to the have nots that we have exploited. The third are those with their hand out expecting some one to give them something. The someone expected to do the giving is you and me, the law abiding, tax payers. Make no mistake patriots, our freedoms are at risk with the current regime in Washington. In November, 2010 every single senator and congress person who supported this debacle must be shown the price for thumbing their nose at the American public. That is what has been done and they are gloating over it. We will have to wait till 2012 to turn the Obama-ites out, but we start with the 2010 election.

I urge you, do not vote for a party. We must get true conservatives elected, not blue dogs, yellow dogs, or rinos. I truly believe November, 2010 is our last chance. Come on TEA Partiers, 9/12 ers/ Oak & Madison Mandate Members AND ALL PATRIOTIC AMERICANS. The time is now. Become engaged. Maintain your disgust and don't be intimidated. You will be vilified and scorned, BUT YOU ARE THE MAJORITY! LET'S THROW THESE ARROGANT BUMS OUT!!!! (My sincere apology for defaming bums everywhere by associating them with Capitol hill bums, but since I got saved, I can't use the language required to describe them)

This arrogance may be strutting now, but I long to hear the giggle in Pelosi's voice when she turns the gavel of the house over to a conservative! And when the marxist agenda of the current president is stopped once and for all. If we don't do this, we deserve what we get and we can truly write "Ichabod" (The glory is departed" I Sa. 4:22) from the United States. Then God will judge the arrogance Himself.
