

*****THE ISLAMIFICATION OF AMERICA*****

A not so bloodless coup is taking place in the United States of America. We are aware of 9/11 and other acts of terrorism. But while eyes are on those atrocities (and many have put that behind them and want to move on), the more effective coup is being successfully brought to fruition, with little more than a whimper. Those who do raise the alarm are beaten down with calls of Islamaphobe or racist.

Dr. Ergun Craner, Liberty University, a former Muslim now a committed Christian said (5/27/10), "the greatest danger to America isn't radical Islam. The greatest danger to America is the silence of the church".

True, and the Islamification of America was given place and is now supported, with the tacit approval (translated vote) of "Christian" Pastors (?) and Christians. It was they who provided the margin of victory in the last election to crown with success this conspiracy to establish Islam as the dominate religious force in the land.

Take a look at our President's appointments.

Arif Alikham-Assistant Secretary for Policy Development of Homeland Security.

Kareem Shora-Advisory Counsel of Department of Homeland Security, (referred to Hezbollah as a "liberation movement").

Dalia Mogahed-Presidents Advisory Council on Faith Based and Neighborhood Partnerships.

Mazen Asbahi-Liason to Arab and Muslim Community.

Harold Koh-State Department Legal Counsel Advisor, believes Sharia Law should apply to U.S. Courts.

I can hear the critics now, saying so what. We need some Muslim representation in government. Perhaps, but as the infomercials say, wait, there's more! The President has not appointed an enoy for monitoring and combating anti-semitism, which is mandated by U.S. Law (Jerusalem Post).

But wait, there's more! Rashad Hussain, the President's representative/spokesman to the organization for the Islamic Conference at the United Nations. The organization was founded in 1969 by Saudi Arabia to protect Jerusalem from the Israelis. Rasheed gave a very disturbing speech to this gathering. Some quotes from his address are, "Obama is America's Educator in Chief on Islam". Rasheed, quoting our president stated, "Obama's desire to educate America about Islam is founded on the...warm and reliable friendship of the Muslim world and the west". He goes on "Obama has called for references to Islamic terrorism and Jihadism to be esponged from official vocabulary employed by his administration, pronouncing last year's Fort Hood massacre, unrelated to Islam". He wasn't done yet! "As the President has assured the world, terrorism is anti-Islamic and the term Jihad has been misused. Thus Obama presumes not only to act as an educator on Islam to non-Muslims, but also to Americans". Further quotes, "The Obama Administration will support the OIC in the U.N. effort to criminalize the defamation of religion in Europe". One action is to defend the headscarf against France's attempt to ban its display in schools and government offices. Rasheed ended his remarks with this, "ISLAM IS A SOLUTION TO THE WORLD'S CHALLENGES EMERGING FROM MUSLIM RANKS" This is the official slogan of the Muslim Brotherhood. (Tara Servatius Show, WBT Radio, 6/25/10) Details of their complicity in this two pronged attack on your liberty are plainly outlined in the book "Muslim Mafia" by David Gaubatz and Paul Sperry.

Still saying so what? Remember, "We are five days away from fundamentally changing the United States of America"? Well, you are seeing and living it. New York Times, "Mr Obama recalled the lines of the Arabic call to prayer, reciting them with a first rate accent...Mr Obama described the call to prayer as "one of the prettiest sounds on Earth at sunset".

Our President (Audacity of Hope), "I will stand with the Muslims should political winds turn in an ugly direction".

CAIR (Council on American and Islamic Relations), in a memo taken from documents to be shredded, spells out their goals. Among some of them are as follows:

1. Abolish the faulty Middle East policy of the past century.
2. Democrats and Republicans need to share the blame for the failure of our Middle East policy, and need to assume responsibility for the damage done to the country as a result of 9/11.
3. Recognize the seeds for 9/11 were planted in 1948. (Modern Israel's Founding)
5. Do not make Fundamental Islam the enemy. It will not work long term and there is no need for it.
8. Attempt to understand Islamic movements in the area, and start supporting Islamic groups including Mr. bin Laden and his associates.
(Muslim Mafia, p. 61).

CAIR has also stated they are not here to co exist with other religions, but to dominate. I praise Congress woman Sue Myrick for leading the charge to expose and stop these enemies of our country. But it's difficult to fight them when they have such an ally and advocate in the White House.

Jesus said (Matt.13:15 KJV), "For this people's heart is waxed gross (calloused), and their ears are dull (burdensome), and their eyes they have closed; lest at any time they should see with their eyes, and hear with their ears, and should understand with their heart, and should be converted, and I should heal them".

Revelation 3:2 NIV, "Wake up! Strengthen what remains and is about to die...". II Chronicles 7: 14 puts the responsibility clearly upon the people of God, but we are choking under a complicity of silence from pastors and christians. "He who has an ear to hear, let him hear what the Spirit is saying to the churches" (Rev. 2:7, 11, 17,29, 3:6, 13, 22)
