

\*\*\*REPORT AND COMMENTARY\*\*\*

While in Washington last Friday I received a report my father-in-law had been in an accident with an 18 wheeler and was not expected to live. I rushed to UAB to wait the inevitable with my wife and family. Many from around the world were alerted and the prayers began. Today the word is encouraging, but we still have a long way to go. He cannot respond except with eye blinks, hand squeezes, etc. Your continued prayers are requested, for the days ahead will be gruelling and agonizing.

"THE WAR CONTINUES"

With each day I grieve over the explosion of stupidity that has gripped the American people. This great land, founded by the God of the Bible. The God of Abraham, Isaac and Jacob and Jesus Christ the Lord of Glory, has become a wasteland of moral relativism and religious pollution. There really are too many examples to comment on them all, but one kind of sets the icing on the cake so far. One of President Obama's "faith advisors", Ebool Patel, has likened 700 Club President Pat Robinson to Osama Bin Laden. This is soooo revealing into the mindset of this current administration and the evil people behind it. A mass murderer compared to a mass reliever of misery.

A few questions for Obama supporters. Do you really hate America that much? Are you really so deceived that you cannot see what your support of this man has done and is doing? Are you really that racially prejudiced? Or are you just that stupid?

Recently a black bishop told me, "Roger, I hope the anti-christ is not black, because, if he is, the black community is going to hell". His reasoning is the black community is so invested in their blackness, they'll stick to their man no matter what. Unfortunately he is right.

Professor Walter Williams (a black professor), recently opined that if gas prices, food, cost of living, unemployment etc. continue to rise, the debt soars, new wars are entered into, as long as Obama's able to run for president, the black community will vote for him, no matter what. Shameless racism on their part, but he's right.

The corruption of the black clergy and professing Christians of all ethnicity, in supporting this man and his destructive policies are reprehensible and I believe God will judge us severely. Indeed, we are (in my opinion) seeing "the beginning of sorrows" (Matt.24:8). Anyone who has read the Book knows what is coming next is unprecedented misery. I hear a lot preachers and Christians holding up their Bible saying, I'm not worried, I've read the back of the Book and we win. To that I say yea and Amen. BUT LISTEN UP! There is a whole lot of hell to pay

before we get to the end of the Book. You might say, well, Roger, we can't stop it, so why bother. WE MAY NOT BE ABLE TO STOP IT, BUT WE SURE DON'T NEED TO AID AND SUPPORT IT!!! We have to cry out against the destruction of liberty, undoing of the Constitution and the United States becoming a Muslim dominated state! That's our job preachers and Christians. And if you can't or won't do it, just shut up and get out of our way! It's time for "the people that do know their God to be strong and do exploits" (Dan.11:32).
